- 2023-24 [Grant](#) - \$500 through the AB School Council Engagement Grant. Each school council receives this to support individual councils and strengthen parent engagement.
 - [Workshops available](#) - group liked the idea of the *School Council Purpose* starter course for \$200. Basis is on understanding the advisory role of the council through reviewing legislation. 1.5 hours. 5 participants recommended.

- Nicole R suggested having a family engagement night, maybe focusing on literacy this year as numeracy event was previously done. Remaining \$300 from Grant could go to support this night, stations for families etc. Potentially to be held in the new year.
